

**Bermagui
Pre-School**

Let's Celebrate Solar!

At Bermagui Pre-School

Friday 23rd October

(note date changed from 16th October)

5.30 to 7.30 pm

The solar cells on the Bermagui Pre-School are now generating 2kW of clean electricity, thanks to BVSC, the Australian Government and the many many people who generously contributed their time, money and energy.

Now the Pre-School and CEFE would like to say 'thank you', so come along and see what's been achieved.
